Drip Edge

Performance-Tested Drainage Solution For Your Roof Edge

SecurWeld 200 Drip Edge is priced economically but manufactured to the same exacting standards as our other products, making it a great alternative to shop-fabricated roof edges.

When cost is the key factor, easy installation becomes even more important. With pre-punched holes and 12' lengths for less seams, SecurWeld 200 Drip Edge is specifically designed to simplify the installation process, save on costs, and ensure a uniform appearance by using Carlisle TPO Coated Metal.

▶ Call today and your Drip Edge will be in transit in 1-3 days with Carlisle's **QUICK-TO-SHIP PROGRAM**

High Quality

- ▶ Carlisle TPO Coating 30-50% thicker than competition
- ▶ Variety of face heights available with or without cleat
- ▶ Interlocking, concealed splice plate design prevents splice plate migration
- ▶ Carefully designed and ANSI/SPRI ES-1 tested to comply with the International Building Code
- ▶ Florida Building Code Approved
- ▶ 20 year, 90mph Wind Warranty

Economical

- ▶ Economically priced for cost-conscious projects
- ▶ Decreased labor costs due to easy installation
- ▶ Higher overall profit on your construction projects
- ▶ Heat weldable TPO for reduced callbacks
- ▶ 20 or 30 year finish warranty available

Easy Installation

- ▶ Manufactured in convenient 12' lengths with pre-punched fastening holes to ensure correct fastener placement and spacing
- ▶ Factory fabricated miters, scuppers and drainage accessories eliminate the need for field fabrication
- ▶ TPO Coated with Carlisle material to ensure compatibility
