Drip Edge

Kynar  
Drip Edge

# JOHNS MANVILLE

## TPO & Kynar Drip Edge

### ANSI/SPRI ES-1 Tested Drainage Solution For Your Roof Edge

Johns Manville Drip Edge is priced economically but manufactured to the same exacting standards as our other products, making it a great alternative to shop-fabricated roof edges when a total system warranty is desired.

When cost is the key factor, easy installation becomes even more important. With pre-punched holes and 12' lengths for less seams, Johns Manville Drip Edge is specifically designed to simplify the installation process, save on costs, and ensure a uniform appearance and warranty.

▶ Call today and your Drip Edge will be quickly quoted & available in our **QUICK-TO-SHIP PROGRAM**

#### High Quality

- ▶ Variety of face heights available with or without cleat
- ▶ Interlocking, concealed splice plate design prevents splice plate migration
- ▶ Carefully designed and ANSI/SPRI ES-1 tested to comply with the International Building Code
- ▶ Florida Building Code Approved
- ▶ Complies with total system warranty

#### Economical

- ▶ Economically priced for cost-conscious projects
- ▶ Decreased labor costs due to easy installation
- ▶ Higher overall profit on your construction projects
- ▶ Heat weldable TPO for reduced callbacks
- ▶ 20 or 30 year finish warranty available

#### Easy Installation

- ▶ Manufactured in convenient 12' lengths with pre-punched fastening holes to ensure correct fastener placement and spacing
- ▶ Factory fabricated miters, scuppers and drainage accessories eliminate the need for field fabrication
- ▶ TPO Coated with Johns Manville material to ensure compatibility
